

Dear Parents and Students,

We are pleased to inform that the new Government Junior College has been named. At the Appointment and Appreciation Ceremony for Principals on 29 December 2015, Acting Minister for Education (Schools) Ng Chee Meng announced that the College will be named Eunoia Junior College.

Eunoia is a rarely-used but strikingly meaningful English word with Greek origins. It points towards one of the key tenets of the College vision - of how a "Thinker with Heart" is essentially someone with a beautiful mind and a deep reservoir of goodwill towards others around him. This represents the College's commitment towards nurturing every graduate of the College in exemplifying a strong spirit of eunoia, which would act as a solid anchor for his pursuit of excellence as a "Youth with Purpose" and a "Leader with Courage". Eunoia is also the shortest English word containing all five vowels, signifying the completeness and well-roundedness that will characterise the graduates of the College.

The College name was decided upon after months of engagement and deliberation with our key partners and stakeholders, including the Joint Integrated Programme Advisory Panel, as well as the school boards, staff, parents and students at our three partner secondary schools. After receiving more than 200 suggestions, Eunoia was eventually chosen as it best encapsulates the essence of what we collectively hope for in our new College.

We thank you for your contribution, and we look forward to further engagements with you at the next Parent-Teacher Meeting in 2016 where we will share our school values, beliefs and curriculum, and provide progress updates on the school's development. In the interim, do refer to the accompanying information sheet for more details on the College's name, beliefs and 5i curriculum framework. As the latest Junior College to enter Singapore's education landscape, we look forward to partnering you in nurturing the next generation of youth, thinkers and leaders through a variety of exciting and forward-looking programmes that intrigue, inspire and invigorate, while providing opportunities for all Eunoians to introspect and make an impact in their community, in Singapore, and in the world.

Eunoia Junior College  
College Management Team

## Information Sheet

Eunoia Junior College (诺雅初级学院) is the newest Junior College to enter our education landscape. With fresh eyes, we relish the opportunity to nurture the next generation of youth, thinkers and leaders through a variety of exciting and forward-looking programmes. Our students will go through a range of education experiences that will not only intrigue, inspire and invigorate, but also provide opportunities for students to introspect and learn to make an impact in their community, in Singapore, and in the world. Eunoia Junior College looks forward to welcoming our pioneer batch of students in January 2017 – students we envision to be *Youth with Purpose, Thinkers with Heart, Leaders with Courage*.

### Our Beliefs

#### Vision

Every Eunoian a  
Youth with Purpose  
Thinker with Heart  
Leader with Courage

#### Mission

We  
Enable students to learn continuously,  
Empower students to seek all-round excellence, and  
Embolden students to pursue their purpose.

#### Values

We live with integrity;  
truthful to self and to others.

We connect with love;  
love transcends borders.

We lead courageously;  
courage brings us forward.

We serve selflessly;  
our joy is in giving.

#### Student Outcomes

Eunoians are critical and inventive thinkers  
who have strong moral and intellectual integrity.  
They are anchored in values,  
guided by purpose  
and fuelled by passion.

They are perceptive youth  
who respect ideas and embrace diversity.  
They give the best of themselves  
and bring out the best in others.

They are skilful and courageous leaders  
who inspire hope and excellence.  
They are unafraid to stand up for what is right,  
even if it means standing alone.

They are concerned citizens and global ambassadors  
who serve others humbly and selflessly.  
They contribute actively to society  
and strive to advance Singapore  
and the world.

## 5i Curriculum

At Eunoia Junior College, we have designed an academic programme that does not simply inform but will **intrigue**. In addition to our academic programme, students can choose from a variety of learning experiences that will **inspire** and **invigorate** them in their education journey. We believe that successful students are those who **introspect**, so we develop intrapersonal intelligence through programmes that encourage such reflection. Finally, without making a contribution, great ambition and achievements are of little significance – the educational experience at Eunoia will provide our students with the opportunity to make an **impact** both in Singapore, and in the world.

Eunoia Junior College is proud to unveil our 5i Curriculum: Intrigue, Inspire, Introspect, Invigorate, and Impact.
